What Texas Educators are Saying About Us

"We use TAKS Science Classroom Package (High School) in all our science classes from biology to AP Physics and Chemistry. It is the perfect tool to help the students review what they need to know for the TAKS Science test. As a result our school science scores increased by over 30% last year. Thanks for all the help Texas Educational Tools."

- Dan, **Science Department Chair,**
Houston Area

"The TAKS Science Classroom Package (Elementary) is used by all my 4th and 5th grade teachers. Not only did it help us increase our Earth Science Scores by 22% our overall school scores were way up too! This is a must for all Texas Elementary teachers."

- Meredith, **Principal,**
Dallas Fort Worth Area
